Today, you will be writing a historical narrative about being in the crowd when the Boston Massacre occurred. You will write a story that includes the following criteria:

1) What were you doing before the riot started (Running errands in the city, working for an apprentice, maybe talking with a neighbor about the unreasonable taxes, etc.)
2) Describe what occurred prior to the firing on the crowd (Soldiers being bullied, snowballs with ice being thrown, soldiers arguing with the crowd, etc.)
3) Describe the firing on the crowd and your own emotions as it was happening.
4) Describe what happened after the shots were fired.

If you need more information about the Boston Massacre, turn to page 307 in your social studies book. Also, if you need more room to write, get another sheet of paper.
