

A student is writing a report for the class about frogs. Read the draft of the report and complete the task that follows.

Attracting Frogs to Your Garden

Many people think that frogs are not pretty but they are very helpful. They kill slugs, caterpillars, and other destructive pests that invade gardens. Many gardeners have decided to keep frogs so their plants will grow properly.

If you want these creatures in your garden they're are several steps you'll need to take

Student Notes:

Add water: for bathing/drinking

Provide Shelter: rocks/logs

Keep Watch: Don't step on/disturb with garden tools.

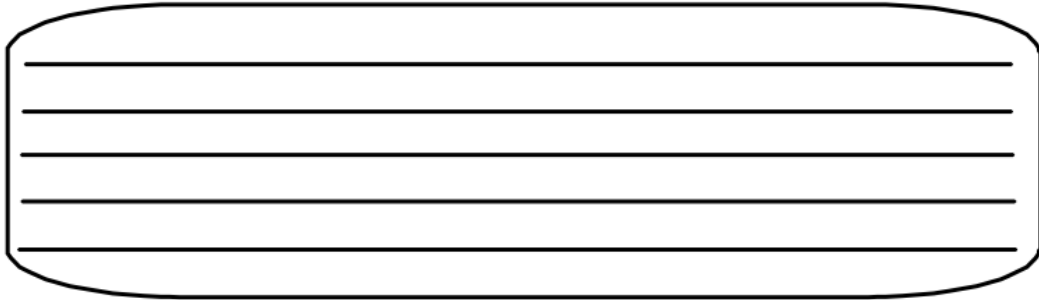

Finish the second paragraph that's already been started for the report. Use the student notes to do this.

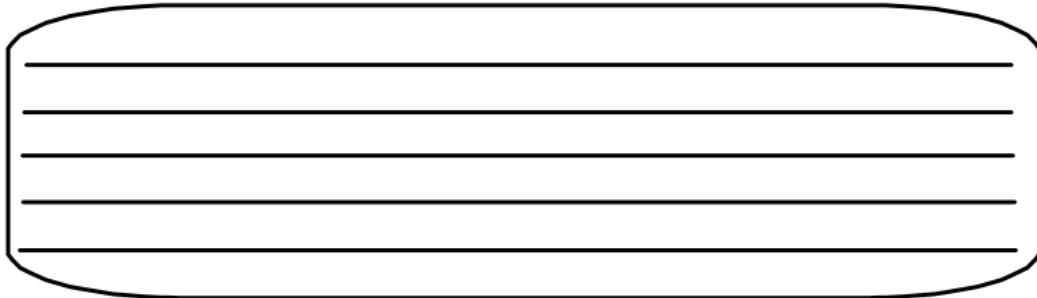

A student is writing an opinion article for his class about why he likes to read mystery stories. Read the draft of the article and COMPLETE the task that follows.

Have you ever read a mystery? If you haven't, I think you're in for a really cool surprise! I consider mysteries to be the most exciting type of book because they're really suspenseful, have a pinch of humor, and keep you guessing until the very end.

From the opening paragraph to the very last page, mystery novels keep me sitting on the edge of my seat.

Mystery writers often add humor too.

Detective use clever tricks when they look for clues. It is fun to guess what the detective is thinking and to solve who did before the end happens. Usually there are twists, turns, and surprises - especially when you think you have it all figure out!
