

Three Ways to Show Division

Mr. Taylor had a game planned for social studies. He has 24 students in his class and he wanted to have each team be a group of four. How many teams would he have?

How could we write or show twenty-four divided by four?

1) Use a division _____

2) Use a division _____

3) Use a division _____

EVERY division problem is made up of _____ parts.

Dividend, Divisor, Quotient

Quotient
4 24
Divisor Dividend

Dividend	24	=	Quotient
Divisor	4		

24	÷	4	=
Dividend		Divisor	Quotient
