Work:

Last night, Mr. Taylor came home and found his house unlocked. When he went inside, he asked his kids who was the last person in and everyone claimed to arrive at a different time. Using the information below, try and figure out who was the last person to arrive at Mr. Taylor's house.

- Matthew left practice twenty minutes before four o'clock. It took him 10 minutes to drive to Brook, and another 7 minutes to fill up his car with gas. Then he picked up some items at the meat locker which took him 10 minutes. Then he arrived home 3 minutes later.

- Hannah had to work with her teacher after school. She left the school with a friend at 4:00 p.m. It took her ten minutes to get to Brook, and another five minutes to stop at the flower shop. After that, Hannah and her friend hung out at the park for twenty minutes. When Hannah and her friend were done talking, it took Hannah another five minutes to get home.

- Elijah's music lesson ended 10 till four. It took his music teacher 20 minutes to drop him off at the library. He had to wait ten more minutes for his mom to pick him up. Then it took another five minutes to drive home.
