

Review Practice -

What does the function do to each "in" number?

In	10	15	20
Out	2	3	4

If 40 is used as the "in" number, what will be the "out" number?

What does the function do to each "in" number?

In	16	24	32
Out	2	3	4

If 72 is used as the "in" number, what will be the "out" number?
