

As I was riding my bike to school, I noticed that I really needed to go to the bathroom, but I was already late and decided to hold it till after 1st period. Then, after class, the teacher held us back to explain the homework so I didn't have time to go to the bathroom before the next class or else I would have been tardy for the fourth time and be sent to the office so I held it again. After second period, I was walking and there were a lot of kids there. I suddenly couldn't hold it any more so I stood in the middle of the hallway and peed my pants. There was a big puddle on the floor, and everyone saw me.
